

# OREGON RACEWAY PARK

Update: 8/3/2015

Eric Jones Automotive – Customer Appreciation Track Day

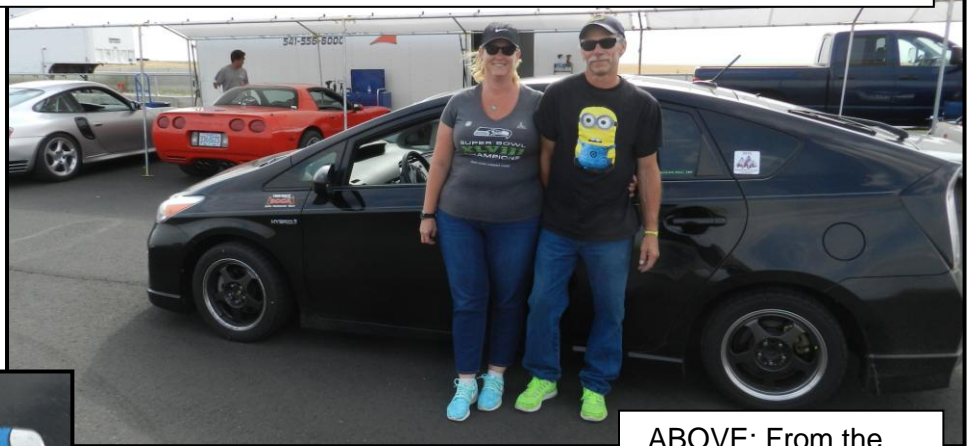

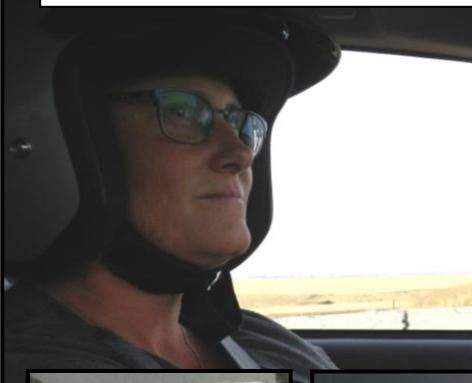

Eugene based performance shop owner Eric Jones (fourth from left) poses with his son, instructor Jennifer McDonald, and several of the folks invited to his “Customer Appreciation Track Day.”

After the morning briefing and equipment check O.R.P. track support staff head to their assigned turn stations.

An eclectic group of cars: Corvette, a Chevrolet Stock Car, fully prepped Miata, Porsche, a gorgeous Vintage Datsun Roadster and.... wait for it... a Prius. Don't laugh yet. I drove this vehicle and despite a tendency to understeer, the handling was surprisingly good and so was the power. Bill Murray

ABOVE: From the autocross community, Deborah Thompson & co-driver / husband Ed pose with their hotrod Prius.
