The 73 Duster of "The Over The Hill Gang" Duane Starr, Matt Rich, Dave Frazier, Marcus Whitman and Sid Bucholz.

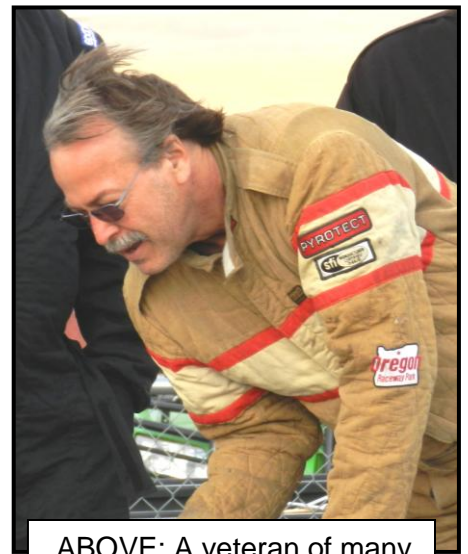

The 944 of "TEAM GREG'S LIST RUBBER" (A name inspired no doubt by a protracted search for really crappie tires to run on). The race doesn't always go to the swift: Drivers Greg Ball, Tony Hauser, James Gregory and Keith Novak none the less posted the fastest laps of the race with 2:11.4 on the Full Course and 1:21.2 on the South Course, but their day came undone along with a shift rod bolt that was missing 15 cents worth of safety wire. Total laps completed 177. The only D.N.F.
