HYPROTECT

HYPROTECT

THE ALL NEW PROULTRA RACING HELMETS

Pyroprotect's SA2015 Pro Ultra Helmets Bring a New Standard to the Racing Industry.

This innovative line of helmets is available in three unique configurations: Full Face Standard, Full Face Universal and Forced Air. The Pro Ultra Universal Forced Air SA2015 helmets come with a full set of covers for drinking tubes and or communication ports as well as forced air attachments so you can convert from a standard helmet to a top forced air, left side, or right side forced air in minutes.

All models are available in Tri Weave Composite and 100% Carbon. The Pro Ultra helmets are vacuum bagged and autoclave cured for superior helmet strength and durability while keeping the helmet as light as possible.

- > New head liner air channel design for better adjustability, added comfort, and improved air flow
- > Removable six pad headliner & cheek pad system for cleaning and easy resizing for a perfect fit
- > Stainless Steel hardware & Kevlar chinstrap
- > .125" Polycarbonate shield with tear off post
- > Rubber eye port seal
- > Compatible with Racing Optics or Ultra Shield tear offs
- > Large eye port offers greater visibility
- > M6 inserted for head neck restraint devices
- > Great aerodynamics
- > Fire retardant Nomex interior
- > Snell SA2015 rated

RACING SEAT *BAJA*

The Pyrotect Baja series race seat is the ideal FIA 8855-1999 approved seat for your off-road vehicle. This seat incorporates a tubular steel design for improved safety and durability as well as features seen in all our other seats including memory foam support in key locations and added thigh padding for extra support and comfort. The Baja Seat will fit up to 36" waist.

The shock absorbing material found in all our seats is located at the top and the side for added protection and comfort. Our Baja seat features a monolithic single piece construction to increase durability and the overall strength. Compatible with Pyrotect 5 point and 6 point harness systems.

- Tubular steel design for improved safety and durability
- Comfortable thigh supports for added safety and comfort
- Special shock absorbing material at the top and on the sides of the seat
- Monolithic construction for increased durability
- Tubular steel frame design with side and bottom fixed points for easy mounting
- Works with Pyrotect 5 and 6 point harness systems
- FIA 8855-1999 approved

RACING SEAT *ELITE*

Pyrotect's Elite race seat is designed for the racer looking for the best safety in the industry with the official FIA 8855-1999 approval rating, the Elite race seat provides all the protection of our standard Sport series seat with the added benefit of being slightly wider around the thigh area as well as increased head and neck protection. The Elite Seat will fit up to a 42" waist.

This seat is also designed not only with the highest safety in mind but also comfort for racers that are driving for longer stints, it has an extra strength uniform one piece construction with a fiber glass reinforced shell, shock absorbing memory foam located in optimum locations like the thighs, seat, back, head and side areas to improve the all around safety and comfort.

- Large head and shoulder protection
- One-Piece Design for improved safety, durability, and comfort
- Comfortable thigh supports for added safety and comfort
- Special shock absorbing material at the top and on the sides of the seat
- Monolithic extra strength construction for increased durability
- Fiberglass reinforced plastic shell mold
- Works with Pyrotect 5 and 6 point harness systems
- FIA 8855-1999 approved

RACING SEAT MOUNTING BRACKETS

These Pyrotect fixed seat brackets give you a trouble-free way to install your new seats. They have pre-drilled holes to adjust to the correct height and angle, allowing you to easily mount your seat inside your vehicle. They're manufactured with steel and include installation hardware.

RACING SEAT SLIDERS

These Pyrotect sliding seat brackets give you a trouble-free way to install your new seats. They will bolt directly to your Pyrotect seats without modifications. Used along with our fixed brackets, you can easily mount your seat inside your vehicle with lots of adjustability. They're manufactured from steel and come assembled and ready to bolt to your seat with installation hardware included.

SPRINT CAR NET

Available left or right, 1" strapping and netting for visibility, HD quick release connector and quick mount sliders.

Available in: Black Netting with Black, Red or Blue Webbing.

STOCK CAR NET

A cut above the competition! Wide spaced 1" nylon box stitched strap for strength and visibility. Standard 18x24 inch size. Track tested to provide extremely low air drag. Meets SFI 27.1 spec.

Available in: Black Netting with Black, Red or Blue Webbing.

LIMITING STRAPS

PYROTECT suspension limiting straps help to prevent shock damage in long travel suspension applications. Straps come with metal bolt in tabs. Offered individually or in pairs. Available in both single and triple layer. Please specify the length you need by measuring from eye to eye.

Available in: Black, Red or Blue

HELMET **SKIRTS** *NOMEX/KNIT*

PYROTECT helmet skirts help seal out flames and dirt. Comfortable, easy to install contoured design that comes with matching velcro that attaches to your helmet that allows you to Velcro the skirt in place.

Available in: Black, Red, or Blue.

FULL FACE **HELMET** *VISORS*

Pyrotect's new full face helmet visor is available in white and black. This visor fits all Pro Airflow Full Face helmets and is a great option when being used in a closed cockpit race car where a face shield is not needed.

Available in: White or Black.

HELMET **SHIELDS**

Pyrotect offers a variety of face shields for all SA & M helmets. .125" thick shields are available for SA full-face models.

Available in: Clear, Light Tint, Dark Tint, Blue Iridescent, Amber, Silver Chrome or Gold Chrome.

REPLACEMENT **CHEEK** *PADS AND LINERS*

The real innovation of the PYROTECT SA2015 helmets is the convenient, easily removable/replaceable liners and cheek pads. This feature allows drivers options for comfort, fit, ease of use and the ability to adjust and maintain their helmets' interior.

We have three actual shell sizes XS thru medium, large thru XL and XXL thru XXXL in the XS thru medium, the thickest pad is XS and the thinnest medium. In the large thru XXXL, the thickest pad is large and the thinnest is XXXL.

LINER: Liner for FF or OF helmet - specify size

CPFF: Cheek pads for full face helmet - specify size

CPOF: Cheek pads for open face helmet - specify size

SIZES: XXL= .75" thick; XL=1" thick; L=1.25" thick; M=1.5" thick; S=1.75" thick; XS=2" thick)

2010 - 15 Helmet Repair Kit

2005 Helmet Repair Kit

HELMET **REPAIR** KITS

Pyrotect recommends that you use new washers and pivot screws every time you change or replace your shield.

PIVOT KIT: Shield Pivot Kit for FF, SA & M helmets, included Cam washer, washer, and screws.

HELMET **TEAR-OFFS**

Pyrotect Tear Offs are Super Thin (.002) Thick (.005) and are used in open or formula cars to prevent oil and dirt accumulation. Our special clear optical material eliminates the "rainbow" effect. Will fit all PYROTECT shields.

Available in: Clear

ROUND **NECK** BRACES

Our round style neck collars are designed to sit on your shoulders and to take up the gap to support your neck and helmet. Manufactured using high density (HD) fire retardant foam with removable covers that make them easy to remove and clean.

Available in: Black, Red or Blue

CONTOURED **NECK** BRACES

Our contoured style neck collars are designed to fit the curvature of your shoulders so the collar will sit flat and not roll like round style neck collars for added comfort and support.

Available in: Black, Red or Blue.

LEATT **HEAD & NECK** RESTRAINT MRX PRO

The MRX Pro Head and Neck Restraint was designed specifically for motorsport and features a unique combination of comfort and protection. Made with fire retardant Nomex® padding and a flexible frame design that allows for additional free movement of the head.

PYROTECT **HYDROMATE**

PYROTECT'S Revolutionary Hydromate™ Hydration Bladder System. High Quality Bite Valve with magnet mounting and specially manufactured quick disconnect, adjustable mounting straps for easy installation specifically designed with the racer in mind!

BREATH DEFLECTOR

Cloth, flexible, racing breath deflector is simple to install or remove, and is designed to direct breath down and away from the face shield to reduce fogging.

HELMET BAGS

PYROTECT durable fleece lined nylon helmet bag (SHOWN ON THE RIGHT), protects your helmet by keeping it clean and safe when not in use.

Pyrotect's Gear Pak™ helmet bag (SHOWN ON THE LEFT) is extra spacious and extra tough with a reinforced padded material to keep your helmet safe while being stored.

GEAR BAGS WITH 6 COMPARTMENTS

The Highly-Developed™ equipment bag has 6 strategically designed and positioned for optimum capacity and can accommodate a full set of Pyrotect safety equipment and one full face helmet, along with a unique Hygienic-style concealed pocket to isolate odors from used inner-wear & socks.

Bag Dimensions: 21 L x 16 W x 13 H

GEAR BAGS WITH 3 COMPARTMENTS

Uniquely-Compact™ equipment bag has 3 high capacity compartments to accommodate a full set of Pyrotect safety gear including a full face helmet! In addition, this bag comes with UC™ designed backpack style padded straps with padded back support.

Bag Dimensions: 26 L x 12 W x 13 H

Available in: Black, Red or Blue

ROLLING BAGS WITH 9 COMPARTMENTS

The Ultra-Developed™ equipment bag boasts a total of 9 compartments to accommodate a full set of Pyrotect safety gear, one full face helmet, several days of clothing, some tools, something to drink, and anything that requires quick and easy access. All of these features wrapped up and placed on a rail system with wheels & the option to use a rubber handle or a pull-out metal handle.

Bag Dimensions: 36 L x 16.5 W x 17.5 H

HELMET SIZING CHART

PYROCELL ELITE

The PyroCell from PYROTECT is a Top of the Line Fuel Cell. PyroCells are FIA Approved for use by most major racing sanctioning bodies.

PyroCells are especially designed for: Pump Gasoline, Racing Gasoline, AVGAS and Gasohol (Not for Nitro or Alcohol Use!) The PyroCell comes complete with Full Foam Baffling, Aircraft Style Nut Ring, Gasket, Pick-up Assembly, Vent Check Valve, Standard Fill Plate w/Rollover Check Valve, and a 5 Year Bladder Warranty.

STANDARD EQUIPMENT

- Ultra Durable Double Coated Urethane Fabric Bladder
- Full Foam Baffling
- Single -8 or 10AN Pick-up & one -8 Vent Check Valve Fitting
- Internal Fuel Strainers
- 3 1/2 in. Threaded Cap on a Standard Modular Plate w/Billet Rollover Valve
- Steel Container

OPTIONAL EQUIPMENT

- Aluminum Container
- Remote Fillers
- In Tank Pump
- 1 in. or 1 3/4 in. Vent Check Valves
- Dual Pick Ups -6, -8 or -10 AN
- Collector System
- Holley Hydramat
- Sending Unit or Dip Stick
- Alcohol Bladder
- Available in 5 to 60 Gallon Sizes

45° Remote Fillers

Description

3" Remote Filler
2 1/2" Remote Filler
2 1/4" Remote Filler

Part No.
RVO10B
RVO10D
RVO10F

Straight Remote Fill Plates

Description

3" Remote Filler Plate
2 1/2" Remote Filler Plate
2 1/4" Remote Filler Plate

Part No.
RVO10A
RVO10C
RVO10E

Pick Up Fittings

Description

-6 to -10 Pick up Fitting
-8 to -10 Pick up Fitting
-10 to -10 Pick up Fitting
-10 Plug

Part No.
PF6
PF8
PF10
PF11

Fuel Level Sending Units and Gauges

Description

Fuel level sender
Perimeter lit gauge

Part No.
SU100-length-OHMs
GG100-OHMs

Vent Check Valves

Description

#6 AN Vent Check Valve
#8 AN Vent Check Valve
1" Vent Ck Valve w/2" 6 Bolt Plate
1" Vent Ck Valve w/2.5" 8 Bolt Plate
1.75" Vent Ck Valve w/2.5" 6 Bolt Plate

Part No.
CV06
CV08
CV100A
CV100B
CV175

Collector Tanks

Description

6x6x4 in. w/3 Ball Check Valve
8x8x4 in. Corner Col. w/3 Ball Ck Valve
8x8x6 in. w/3 Trap Doors
8x8x6 in. Corner Col. w/2 Trap Doors

Part No.
CS100
CS101
CS102
CS103

Newton Flush Caps

Description

All sizes and styles available

Custom Aluminum Accumulators

Description

Custom built to your dimensions & fitting needs

Custom Aluminum Swirl Pots

Description

Custom built to your dimensions & fitting needs

360° Swivel Fill Neck (plate not included)

Description

3" 45° swivel filler
2.5" 45° swivel filler
2.25" 45° swivel filler

Part No.

SF010B
SF010D
SF010F

Remote Fill and Vent Hoses

Description

3" clear fill hose
2.5" clear fill hose
2.25" clear fill hose
1.75" Clear vent hose
1.5" Clear vent hose
1" Clear vent hose

Part No.

CFH300
CFH250
CFH225
CVH175
CVH150
CVH100

Pick Up and Wire Harnesses Kits

Description

6AN Pick up hose kit
8AN Pick up hose kit
2 Wire harness kit 18"
2 Wire harness kit 24"
4 Wire harness kit 18"
4 Wire harness kit 24"

Part No.

FPK06
FPK08
WH2S
WH2L
WH4S
WH4L

Description

6x10 W/Dual 10 bolt 4" B.C. pump mt.

Part No.

PP6X10D

Description

6x10 W/Single 10 bolt 4" B.C. pump mount and
Single 10 bolt 4.5" B.C. filler

Part No.

PP6X10SF

WP16

WP10

Fuel Pump Mounting Plates (pumps not included)

Description

6x10 W/Dual 10 bolt 4" B.C. pump mt.
6x10 W/ Single 10 bolt 4" B.C. pump mount &
Single 10 bolt 4.5" B.C. filler
16 bolt oval dual Weldon pump plate
with dual 8 ORB ports
10 bolt 4.5" B.C. single Weldon pump plate

Part No.

PP6X10D
PP6X10SF
WP16
WP10

Fittings and Adapters

Description

Pyrotect carries a large array of fuel system related fitting, swivels and adapters.

Holly Hydramat - Small

Description

8X3" Rect. w/1x 3/8" NPT fitting
15X3" Rect. w/1x 3/8" NPT fitting
8X8" Cross w/1x 3/8" NPT fitting
11X11 Cross w/1x 3/8" NPT fitting
15X8" Cross w/1x 3/8" NPT fitting
15X15" Cross w/1x 3/8" NPT fitting

Part No.
HHM16-108
HHM16-105
HHM16-103
HHM16-104
HHM16-102
HHM16-100

Holly Hydramat - Medium

Description

11X11" Square w/1/2" NPT fitting
15X15" Square w/1/2" NPT fitting
24X15" Rect. w/3x 1/2" NPT fittings

Part No.
HHM16-106
HHM16-107
HHM16-109

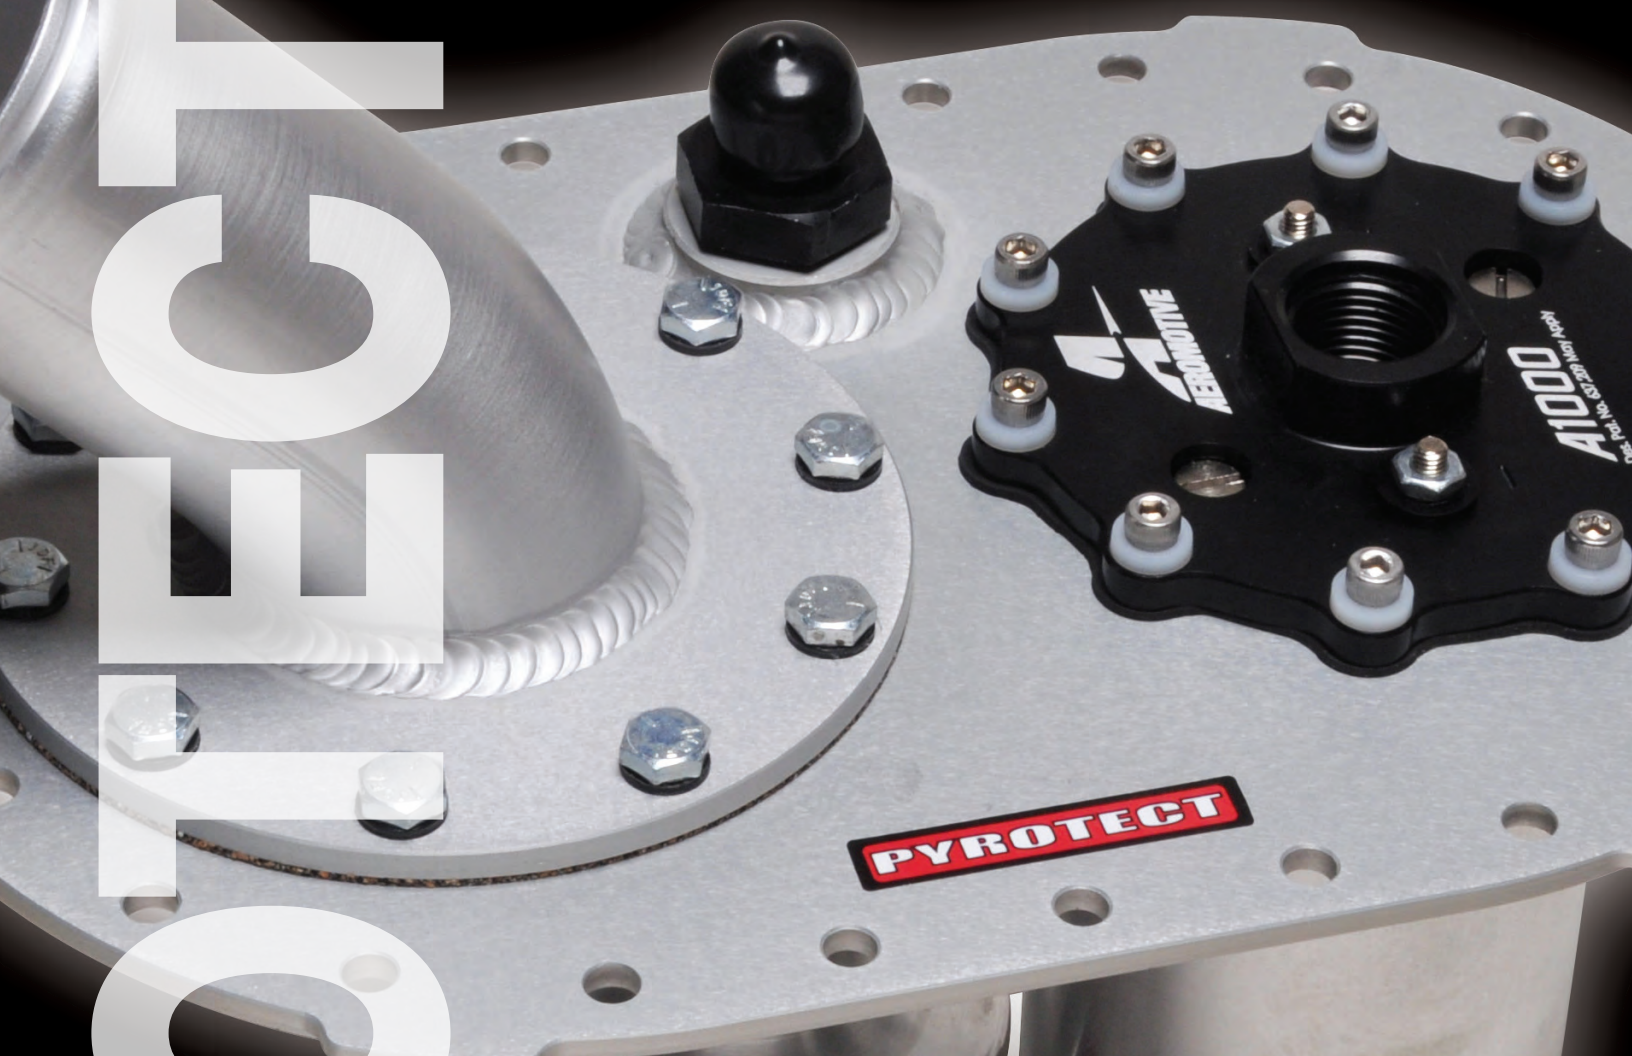

Holly Hydramat - Large

Description

30X14" Rect. w/1x male 10AN fitting
30X14" Rect. w/2x male 10AN fitting
30X14" Rect. w/3x male 10AN fitting

Part No.
HHM12-924
HHM12-925
HHM16-110
